

**CELL AND GENE  
THERAPY WORKSHOP**

**JOIN US!**

本ワークショップでは、細胞および遺伝子治療をめぐり、基礎研究から臨床応用まで幅広い視点で議論します。

**座席数には限りがございます  
ぜひご登録をお願いします!**

**Understanding GMP Quality for a Seamless Transition  
Into Clinical Trials**

Spencer Chiang, PhD Marketing Communication Manager  
ACROBiosystems, Inc.

10:00

10:20

**Exploring Innovative Cell Engineering Methods with  
MaxCyte's Scalable Electroporation Platform**

Peter Gee, PhD Senior Field Application Scientist  
MaxCyte, Inc.

10:20

10:40

**Mimicking the Human Intestinal Environment using a  
Microfluidic Device to Co-culture Intestinal Epithelium  
and Microorganisms**

田川陽一, D. Sc. Associate Professor

**Tokyo Institute of Technology** - School of Life Science and Technology

10:40

11:10

**Development of a Non-viral Gene Delivery Platform for  
CAR-T Manufacturing**

Dr. Steven A. Feldman, PhD Site Head / Scientific Director

**Stanford University** - Center for Cancer Cell Therapy

11:10

11:40

**Panel Discussion Session**

Discuss with our speakers about the future of cell and gene therapy research!

11:40

Win A Prize!
